Separan AP273 kidney function natriuretic 2001
Septal area brain vasopressin glutamate 30
Septal neuron angiotensin II Issue 5 axii
Septal ventral lesion rat Issue 5 axxii
Serotonin esophagus mucosa relaxation cold 23
Serotonin hippocampal neuron ethanol Issue 5 axxv
Serotonin hippocampus imipramine binding sodium 2422
Sertoli cell cAMP catecholamine 2053
Sex cold exercise circulation metab 165
Sex isosorbide dinitrate metab 1478
Sheep fever anteroventral ventricle 1255
Sheep glucose precursor metab liver exercise 2065
Shionogi SC115 flutamide antiandrogen Issue 5 axxi
Shock endotoxin PGE2 CV 3988 1428
Skeletal cardiac smooth muscle coupling introduction 588
Skeletal muscle cooling contracture halothane 697
Skin finger forearm heat blood flow 1329
Skin temp change core effector response 1339
Skin temp estrogen naloxone morphine dependence 563
Skin tumor oil sand 1793
Slow wave frequency complex canine intestine 1132
Smooth muscle aorta contraction barium 2454
Smooth muscle calcium mobilization 724
Smooth skeletal cardiac muscle coupling introduction 588
Snail neuron depolarization acidification detection 1001
Sodium adrenoceptor platelet membrane 778
Sodium calcium transport brain neuron 344
Sodium calcium transport heart contraction review 619
Sodium channel current heart lanthanum 591
Sodium channel inactivation anticonvulsant 1220
Sodium chloride plasma osmolality Issue 5 aii
Sodium detn heart Purkinje fiber 954
Sodium diet hypertension 573
Sodium excretion kidney brain review 1724
Sodium excretion renal reflex blood pressure 1536
Sodium glucose transport brush border 1213
Sodium heart Purkinje pH 963
Sodium imipramine binding hippocampus serotonin 2422
Sodium muscle contraction repriming 704
Sodium opioid receptor brain 2338
Sodium permeability intestine membrane phlorizin 579
Sodium potassium heart hypoxia membrane potential 246
Sodium pump neuron crayfish ammonium 141
Sodium restriction hypertension drug therapy 1752
Sodium transport axon neurotransmission loose patch 568
Soleus muscle capillary increase isoprenaline 303
Solute org muscle fiber Raman spectra 1416
Solute resorption kidney medulla circulation 2415
Somatoliberin phorbol ester somatotropin 2302
Somatosensory cortex ferret Issue 5 axxi
Somatostatin inhibition cholinergic Issue 5 aviii
Somatostatin inhibition gastrin secretion Issue 5 aix
Somatostatin phorbol ester somatotropin 2302
Somatostatin somatotropin secretion insulinlike factor 515
Somatotropin phorbol insulinlike growth factor 2302
Somatotropin secretion somatostatin insulinlike factor 515
Species isosorbide dinitrate metab 1478
Spectra Raman muscle fiber org solute 1416
Spectrometry mass ethanol urine 1225
Sphincter contraction venous lobar portal pressure 2235
Sphincter esophagus central innervation 96

Spiking muscle cell canine colon 2147
Spinal cord neurokinin cardiovascular system 2182
Spinal cord neuropeptide sympathetic review 1619
Spinal cord quinolinate 2483
Spinal cord quinolinate Issue 5 axxii
Spinal cord substance P analog 412
Spinal motoneuron cat hyperpolarization Issue 5 axxxv
Spinal neurotransmission potassium vol review 1058
Spreading depression ammonia bicarbonate brain 1099
Spreading depression brain neurotransmitter ion anoxia 1105
Spreading depression retina electrolyte review 1092
Starvation intestine lactase lactose absorption 2287
Starvation muscle potassium activity 2188
Steroid preoptic neurotransmission temp glucose 1267
Steroid secretion ovary theca granulosa 1951
Stomach acid secretion adenosine 1182
Stomach acid secretion TPA 1840
Stomach acid secretion vagus cholecystokinin 1937
Stomach emptying cholecystokinin secretin GIP 287
Stress cold immobilization adrenal cortex 1448
Strontium muscle activation calcium crustacean 642
Structure activity forskolin deriv 803
Structure adenosine analog receptor interaction 365
Structure atrial natriuretic factor review 2013
Subfornical control anterior pituitary Issue 5 axiii
Subfornical saralasin excitation neuron Issue 5 axvii
Subretrofacial neuron ventrolateral medulla vasomotor control 1572
Substance P analog cardiovascular system 412
Substance P nicotine trachea contraction 269
Sucrose diet intestine monosaccharide absorption 2281
Sucrose gastric inhibitory polypeptide obesity temp 1242
Sulfate ammonium diet urine calcium 2202
Sulfide diallyl cyclophosphamide genotoxicity inhibition 467
Superior colliculus face tectospinal Issue 5 ai
Supraoptic neurosecretory neuron excitation Issue 5 axvii
Supraoptic nucleus norepinephrine medulla Issue 5 xxviii
Surgical medical myocardial ischemia Issue 5 aiv
Swelling potassium transport astrocyte 1051
Swimming cardiac hypertrophy rat Issue 5 xxviii
Swine energy metab development cold 236
Swine newborn brain circulation ethanol 92
Sympathetic activity adipose tissue hamster 2396
Sympathetic nerve ethanol toxicity heart 2363
Sympathetic nervous system vasopressin 2142
Sympathetic neuropeptide spinal cord review 1619
Sympathoadrenal DOCA salt hypertension adrenoceptor 1605
Sympathoadrenal system LHRH amphibian 2379
Synapse dendrite neck cat Issue 5 axxx
Synapse responding presynaptic inhibition Issue 5 xxxiii
Synaptic transmission magnesium hippocampal Issue 5 aiii
Synaptosome brain calcium uptake diazepam diphenylhydantoin 538
Synthetase thromboxane inhibition furosemide renin release 80
T 2 toxin cardiovascular system 799
TCDD receptor chlorinated biphenyl toxicity 1908
Tectoreticulospinal neuron cat Issue 5 axxiv
Tectospinal superior colliculus face Issue 5 ai
Temp change core skin effector response 1339
Temp gastric inhibitory polypeptide obesity sucrose 1242
Temp preoptic neurotransmission steroid glucose 1267
Temp regulation nociception capsaicin bird 1347
Tenia cecum adrenoceptor befunolol deriv 2150
Tenia cecum cell desensitization acetylcholine 293
Testis cAMP catecholamine 2053
Tetanus afferent activity monosynaptic reflex 328
Tetraethylammonium aminopyridine presynaptic action neuromuscular junction 747
Tetraethylammonium artery elec activity Bay K8644 828
Theca ovary steroid secretion 1951
Theophylline myoglobinuria kidney failure adenosine 42
Thermal acclimation oxygen consumption rat 1
Thermogenesis BRL 26830A endogenous fuel 113
Thermogenesis liver rat 1802
Thermogenesis nonshivering insulin 152
Thermogenesis preoptic cooling adipose tissue 1299
Thermoregulation diabetes mellitus 1365
Thermoregulation diurnal rhythm rat 1355
Thermoregulation fish Poecilia reticulata 1389
Thermoregulation monoaminergic neurotransmitter review 1395
Thermoregulation salicylate central peripheral 558
Thermoregulatory effector response dissocn rabbit 1304
Thermoregulatory guinea pig anteroventral ventricle lesion 1261
Thiol disulfiram lipoxygenase inhibition 2503
Thiol protease muscular dystrophy 124
Thirst vasopressin kidney brain review 1724
Thoracic aorta vasoconstrictor rat Issue 5 xxxiii
Thromboxane analog heart contractility diabetes 499
Thromboxane lung contraction LTD4 1467
Thromboxane prostaglandin endoperoxide antagonist L 641953 509
Thromboxane synthetase inhibition furosemide renin release 80
Thymus macrophage inward rectifier acetylcholine 348
Thyroxine heart hypertrophy microvasculature circulation 1848
Tissue adipose thermogenesis preoptic cooling 1299
Tissue antioxidant spontaneous diabetes BB rat 2191
Tissue atrial natriuretic activity Issue 5 axxiii
Tissue calcified human aorta 1878
Tissue excitable ion selective microelectrode 868
Tissue potassium detn electrode 894
Tissue slice heart receptor detn 1928
Toad retina photoreceptor potassium turnover 1018
Toxicity carbon tetrachloride liver peroxidn 1503
Toxin cholera triacylglycerol lipase heart 60
Toxin T 2 cardiovascular system 799
TPA acid secretion stomach 1840
Trachea beta adrenergic receptor asthma 2163
Trachea contraction nicotine substance P 269
Trachea hyperresponsiveness asthma mediator 1942
Trachea muscle calcium pool neurotransmitter 1780
Trachea neurotransmission prostaglandin 1433
Training exercise insulin receptor muscle 2231
Transhepatic insulin absorption biliary excretion 1982
Transmission excitatory hippocampus barbiturate 385
Transmitter release neuromuscular junction cadmium 2131
Transmural myocardial infarction cardiac nerve 64
Transmural nerve stimulation adrenergic agonist 427
Transplant muscle fiber type epinephrine 1205
Transport calcium brain neuron channel 344
Transport calcium heart cod liver oil 201
Transport calcium heart ryanodine 610
Transport calcium muscle contraction 681
Transport calcium muscle contraction review 632
Transport galactose liver circulation model 1193
Transport glucose sodium intestine phlorizin 579
Transport lactate detection muscle 2488
Transport lysine basolateral membrane Issue 5 ax
Transport phosphate epithelium membrane review 275
Transport phosphate MDCK alk phosphatase 1151
Transport potassium astrocyte swelling 1051
Transport potassium chloride oligodendrocyte 1033
Transport potassium Mueller cell vertebrate review 1028
Transport sodium axon neurotransmission loose patch 568
Transport sodium calcium heart contraction review 619
Transport sodium glucose brush border 1213
Triacylglycerol lipase heart cholera toxin 60
Tribute Edward Alexander Sellers 1240
Trigeminal root ganglion neuron Issue 5 axxvii
Tris opioid receptor sodium brain 2338
Trypsin adrenoceptor platelet membrane 778
Tryptophan diet hypertension treatment deoxycorticosterone 753
Tubule distal proximal kidney ATPase 2093
Tubule t calcium heart contraction 691
Tumor skin oil sand 1793
UDCG 115 heart contraction heat 659
Uremic hemolytic syndrome renal patient cyclosporin 1125
Urine calcium diet ammonium carbonate 2202
Urine concn GSH kidney 1461
Urine endogenous digitalislike compd 1522
Urine ethanol detn gas chromatog 1225
Urine ethanol fetus amniotic fluid 1120
Urotensin I artery calcium 298
Uterus calcium channel hormone 2085
Uterus contraction adrenergic agonist prostaglandin 2297
Uterus contraction calcium 1966
Uterus contraction calcium channel 1976
Uterus contraction oxypressin blood pressure 6
Uterus estrogen pregnancy parturition 130
Uterus glucose oxidn oxytocin insulin 323
Uterus muscle oxytocin pregnancy 773
Uterus progesterone parturition 136
Vagal blockage upper esophageal sphincter 96
Vagus gastric acid secretion cholecystokinin 1937
Vascular permeability neurokinin spinal cord 2182
Vascular resistance compliance venous flow transient 1884
Vasculature calcium uptake peptide hypertension 1991
Vasoactive agent artery hypertension diabetes mechanism 2274
Vasoactive intestinal peptide rat Issue 5 axxxii
Vasoconstriction adrenergic receptor calcium review 1649
Vasoconstriction enkephalin analog calcium agonist 120
Vasoconstrictor opioid peptide rat Issue 5 xxxiii
Vasoconstrictor pregnancy hypertension 2466
Vasodilation arteriolar nifedipine antihypertensive 1891

Vasodilation glyceryl trinitrate metab 1146
Vasodilation parathyroid hormone cAMP 2349
Vasodilator nitroglycerin mechanism hemoprotein review 1111
Vasomotor control subretrofacial neuron ventrolateral medulla 1572
Vasopressin ACTH hypertension 1739
Vasopressin ACTH secretion dexamethasone fetus 1186
Vasopressin angiotensin noradrenergic function 765
Vasopressin blood gas embryo 2291
Vasopressin blood vessel cation GTP 1171
Vasopressin cardiovascular reflex review 1717
Vasopressin cardiovascular system review 1712
Vasopressin carotid sinus Issue 5 axi
Vasopressin colon peristalsis idiopathic constipation 2137
Vasopressin fever brain review 1333
Vasopressin fever endotoxin pyrogen rat 1377
Vasopressin glutamate brain septal area 30
Vasopressin norepinephrine metab 2142
Vasopressin receptor dissocn rate const 2099
Vasopressin thirst kidney brain review 1724
Vasopressin vasoconstriction pregnancy hypertension 2466
Venous flow transient blood flow distribution 1884
Venous lobar portal pressure sphincter contraction 2235
Venous resistance site hepatic dog 352
Venous return beta adrenoceptor review 1658
Ventilation pulmonary anaerobic threshold Issue 5 axvi
Ventilatory control carbon dioxide Issue 5 aii
Ventilatory response carbon dioxide Issue 5 axii
Ventral septal lesion rat Issue 5 axxii
Ventricle anteroventral fever sheep 1255
Ventricle anteroventral lesion thermoregulatory guinea pig 1261
Ventricle catecholamine heart infarction 172
Ventricle cell neonatal rat 2110
Ventricle fibrillation isoproterenol aging 504
Ventricular left rupture threshold infarction 307
Ventrolateral medulla amine neuropeptide pressor neuron 1598
Ventrolateral medulla rabbit barosensory nonbarosensory neuron 1584
Ventrolateral medulla subretrofacial neuron vasomotor control 1572
